

Progress and Attainment Measures

Average A8 grade is the average grade achieved by students across English, Maths, Science and their option subjects. An Average A8 grade of 4.5 means the average grade awarded to our students is half way between a grade 4 and 5.

Progress 8 is a measure of how much progress, on average, students make across a specific range of subjects. A Progress 8 of +0.2 would mean that students, on average, secure GCSE grades that are 0.2 better than students with the same key stage 2 results nationally.

	2021	2022	2023
Average Attainment 8	45.32	47.4	44.75
Average A8 Grade	4.5	4.7	4.5
Progress 8	N/A	+0.45	TBC*
% of students with positive P8	N/A	68%	TBC*

*Provisional 2023 progress measures are released in October

English, Maths and Science Results

These results show the percentage of students securing both English and Maths at each grade. Students study either Biology, Chemistry and Physics separately or combined science, which is awarded two GCSEs.

	2021	2022	2023
% 9-7 in English & Maths	10.6	10.0	14.0
% 9-5 in English & Maths	36.2	51.6	43.0
% 9-4 in English & Maths	60.6	65.3	65.0
% 9-7 in Combined or Separate Sciences	25.4	30.2	24.5
% 9-5 in Combined or Separate Sciences	54.2	60.6	51.4
% 9-4 in Combined or Separate Sciences	71.9	77.3	66.1

EBacc

In order to achieve the EBacc, students must take a language GCSE and either History or Geography GCSE. We take a guided, but flexible, approach to option subjects that means some of our highest achieving students may not secure the 'EBacc' due to their choice of option subjects.

	2021	2022	2023
% Students entered for Ebacc	23.4	26.5	14.4
Ave. number of slots filled	4.72	4.86	4.61
Ave. points per Ebacc slot	3.82	4.11	3.74

Open Options

Students' other options, not in the EBacc slots, are referred to as Open qualifications.

	2021	2022	2023
Average Open Attainment Grade	4.85	4.83	4.52
Average Open Progress 8	N/A	0.44	0.10
